

GEORGI SIMEONOV - ELECTRICAL ENGINEERING AND AUTOMATION

[Detailed presentation](#)

Main activity : ELECTRONICS / ELECTRICITY

Present on the stand of : PAVILLON BULGARIE

Stand : 6W153

Information

Address :

jk. Dianabad
ul. Konstatntin Poprusinov
Bl. 23 Entr. A/B/V parter

Postal Code : 1172

City : Sofia

Country : Bulgaria

Tel : +359 (0)2 9625229

Fax : +359 (0)2 8620246

Web : www.gsea.biz

E-mail : office@gsea.biz

Contacts :

Technical manager

Mr Vladimir SHUMANSKI

Additional information :

Number of employees : 5

Revenue : 300000 €

% Export : 25

List of exhibits

Innovation and research for electronics - Engineering / Value engineering and analysis - Research & Development - Software design - Measurement and control - Process control - Automation, automatic units - Maintenance of manufacturing equipment - Maintenance of transport and handling equipments - Technical assistance

Customer markets

Industrial maintenance, Packaging, Energy, Electronics, Electricity, Chemical and petrochemical industry, Mechanical engineering, Domestic appliance, Food industry, Automotive

Export countries or areas

Europe
Germany
Austria
France

Detailed presentation

GEORGI SIMEONOV – ELECTRICAL ENGINEERING AND AUTOMATION ET Private Company - system integration, engineering, consulting services, leading supplier of spare parts, machines, conveyors, components, , design and mounting of electrical equipment, aftersale service, service of industrial electronics, SCADA systems control and management of technological processes, PLC programming and software development, machine building, mechanics, pneumatics, hydraulic systems, trading with LV/MV equipment, variable speed drives for AC motors, delivery and mounting of oil and dry / cast resin insulated / power transformers MV 6-35 kV - from 50 KVA up to 5MVA, delivery and mounting of UPS, BMS, Retrofit of old machines, modernization, Engineering / design / production of LV electric distribution and control boards, full engineering in electrical distribution field, foreign trade and service activities, logistics,

Partnership with foreign companies, exclusive rights :

Bernecker + Rainer Industrie -Elektronik Ges.m.b.H. - Austria : Industrial PCs, Operator Interface, Control Systems, I/O Systems, Safety Technology, Motion Control, Network and Fieldbus Modules, Software, Process Control, Power Supplies, Accessories

WEG Württembergische Elektromotoren GmbH – Germany : Three-Phase Motors, Single-Phase Motors, EC Motors, EC Compact Motors, DC Permanent Magnet Motors, DC Shunt Wound Motors, Geared Motors
WEG Agencies / foreign

TRANSNORM G.m.b.H. – Germany:
Belt Curve Conveyors, Belt Conveyors, Roller Conveyors, Multi Track Belt Conveyors, Merge & Distribution Units, Vertical Conveyors, Solutions for Integrators , Applications : Airoprts, Distribution, Mail Order Houses, Internal material flow, Graphics Industry, Pharmaceutical and Chemicals, Foodstuffs

MF TRASFORMATORI - Italy - Cast-resin transformers , Oil transformers, Special transformers, Dry type transformers Standard Norms CEI14-4, IEC 76
Power range from 25 up to 30 000 kVA, Insulation Class from 12 up to 170 kV

micro SYST GmbH – Germany Large Format Numeric LED Displays for indoor and outdoor application, Graphics Compatible Large Format Displays for Outdoor Application, Industrial Communication

Baumuellner Nuernberg GmbH – Germany / Austria - Automation, Drive electronics, Motors, Software. Application : Printing, Plastics, Textile, Packaging, Extrusion,

LELAS – France manufacturer of communication devices in the most difficult environments

Wire belt GmbH – Germany - leading manufacturer of stainless steel conveyor belts for product handling and processing

Baumer electric AG – Switzerland : Sensor solutions, Inductive sensors, Photoelectric sensors, Fiber optic sensors & cables, Capacitive sensors, Magnetic sensors , Ultrasonic sensors , Encoder / Motion control, NAMUR Sensors, Magnetic Sensors for pneumatic cylinders, Force and strain sensors, Smart vision sensors, Distance sensors, Pressure sensors, Laser sensors, Precision limit switches, AS-I

MIDEST 2011
Villemontais Exhibition Centre,
Paris

GEORGI SIMEONOV –
ELECTRICAL ENGINEERING
AND AUTOMATION, Company ,
Owner - Mr. Vladimir Shumanski
